Request for Council Action – Ordinance Outlining the Process for Mayor Compensation
BACKGROUND DISCUSSION:

UCA 10-2-818 provides that the governing body fix by ordinance the compensation of the office of Mayor. Commencing prior to the adoption of the FY 2019-2020 budget ("Budget"), the West Jordan City Council has discussed the salary and benefit entitlement of the office of Mayor as well as the manner of adoption of such under the Council-Mayor form of government which will commence January of 2020 in West Jordan City.

Recent changes made by the City Council to the West Jordan City Code ("City Code") that become effective January 6, 2010 provide that the Mayor will be paid an annual salary consistent with the compensation schedule approved with the annual budget. The Budget (and attendant Budget document) provides funding for Mayor and elected official compensation. However, questions have arisen during recent City Council discussions as to whether certain language of the Budget document also sets the specific salary and benefits for the office of Mayor under the new form of government, as required by the soon-to-be-effective City Code changes.

The ordinance which is subject of this Request for Council Action is a proposal to assist the City Council in resolving the Mayor compensation question. If adopted the proposed ordinance provides and/or would clarify the following in the City Code:

1. The salary for the first elected Mayor under the new form of government;
2. The benefits to which the first elected Mayor is entitled under the new form of government;
3. The process for setting the salary and the benefits for any elected mayor that is elected following the first four-year term of the first elected Mayor under the new form of government;
4. The compensation to which an individual appointed to fill an unexpired term of a departed mayor is entitled; and
5. The role the West Jordan City Ethics Commission plays in the determination of compensation of West Jordan City elected officials.

Should the City Council choose to adopt the proposed ordinance, the motion to adopt the ordinance should also specify the dollar amount of the annual salary for the office of Mayor that will become effective on January 6, 2020. To assist the City Council in determining the specific dollar amount of the annual salary for the office of Mayor, the City Manager’s Office has provided a copy of a survey conducted by the Human Resource Office. The survey shows a comparison of Mayor compensation among nine cities in Utah that currently govern under the Council-Mayor form of government. The survey is included at the end of the materials that accompany this Request for Council Action.
